LINNOU
Small & delicate
great practicality

VF VISUAL
FEAST

LINNOU is named for its compact shape, which saves the hole opening size when installing, effectively solves the problem that the big hole opening on the ceiling may destroy outline integrity of the space. Designers can choose different reflectors according to the comprehensive color of ceiling and space, to present both practicability and beauty. The minimum diameter of cut-out is 25 mm. It matched the latest trend of lighting design requests.

Mini Linnou

Mini LINNOU series are created for the trend of micro-scale luminaires. The minimum size of LINNOU is LN25 with cut-out 25mm. The adjustable LN 35 is a particular design for using in the cabinet.
